PROFESSIONAL SUMMARY

Software Developer with hands-on experience building production-ready web applications and AI-powered solutions. Core Developer at MyUVCE with experience in full-stack development, deployment, and automation. Currently pursuing B.Tech in Information Science & Engineering at UVCE and BS in Data Science & Applications at IIT Madras. Seeking Software Engineering, Full Stack, Backend, or AI internships.

EDUCATION

University Visvesvaraya College of Engineering (UVCE)

B.Tech, Information Science & Engineering | Expected 2029

Indian Institute of Technology Madras

BS, Data Science & Applications | Expected 2029

EXPERIENCE

Core Developer | MyUVCE | 2025–Present

- Build, test and maintain production web application features.
- Collaborate using Git/GitHub and participate in code reviews.
- Improve usability, fix bugs and support deployments.
- Deliver reliable student-facing features.

PROJECTS

KCET Platform

- Developed and maintained a counselling platform serving 5,000+ students using React, Supabase, PostgreSQL and Vercel.

Hospital Management System

- Designed a full-stack OPD/IPD management system with authentication, patient records and role-based access.

Akshaya Hospitals Website

- Developed and deployed the official website (akshayahospitals.in) with responsive design and performance optimization.

Momentum Track

- Built a daily productivity and scheduling app with LeetCode streak tracking. Deployed at momentum-track.netlify.app.

Smart Air Quality Monitoring System

- Built a real-time environmental monitoring solution with automated alerts.

AI Tools & Automation

- Created AI-assisted productivity tools to automate repetitive workflows.

LEADERSHIP & POSITIONS OF RESPONSIBILITY

- Core Developer – MyUVCE
- Coordinator (Graphics & Documentation) – Boundless Club, IIT Madras BS Degree

TECHNICAL SKILLS

Languages: Python, C++, C, JavaScript, SQL

Frontend: React, HTML5, CSS3

Backend & Database: Supabase, PostgreSQL

Tools: Git, GitHub, Linux, VS Code, Vercel

Core CS: DSA, OOP, DBMS, Operating Systems, REST APIs

ACHIEVEMENTS

- Built KCET Platform serving 5,000+ users.
- Developed and deployed Akshaya Hospitals official website.
- Built Momentum Track with LeetCode integration.
- Active LeetCode problem solver.
- Pursuing dual-degree programs at UVCE and IIT Madras.
